To review other plan-of-payment options, request a service retirement estimate by contacting STRS Ohio toll-free at 888-227-7877 or use the benefit estimate calculator in your Online Personal Account.

Note:

- FAS may be limited if percentage increases in the two highest years and partial year of earnings exceed the percentage increases in any of the three years immediately preceding the earlier of the two highest years of earnings. All earnings, including OPERS and SERS earnings, are subject to this limitation.
- Your actual benefit will be calculated at retirement and will be paid in accordance with Ohio law and Section 415 of the Internal Revenue Code, as amended, in effect at the time you retire. Your actual benefit may be higher or lower than estimated.
- Estimates produced from the chart on the left reflect current law. Actual benefits may vary depending upon the earnings and service credit certified by the employer and verified by STRS Ohio.
- The chart on the left reflects percentages based on full years of service credit. Because of the reduction factor, partial years of credit calculated from this chart will be accurate only if you have 34 or more years of service credit or you are age 65 or older. Partial years of credit are included in final benefit calculations.

*Single Life Annuity benefit cannot exceed 100% of FAS.

To review other plan-of-payment options, request a service retirement estimate by contacting STRS Ohio toll-free at 888-227-7877 or use the benefit estimate calculator in your Online Personal Account.

Note:

- FAS may be limited if percentage increases in the two highest years and partial year of earnings exceed the percentage increases in any of the three years immediately preceding the earlier of the two highest years of earnings. All earnings, including OPERS and SERS earnings, are subject to this limitation.
- Your actual benefit will be calculated at retirement and will be paid in accordance with Ohio law and Section 415 of the Internal Revenue Code, as amended, in effect at the time you retire. Your actual benefit may be higher or lower than estimated.
- Estimates produced from the chart on the left reflect current law. Actual benefits may vary depending upon the earnings and service credit certified by the employer and verified by STRS Ohio.
- The chart on the left reflects percentages based on full years of service credit. Because of the reduction factor, partial years of credit calculated from this chart will be accurate only if you have 34 or more years of service credit or you are age 65 or older. Partial years of credit are included in final benefit calculations.

*Single Life Annuity benefit cannot exceed 100% of FAS.

**Retirement Estimate Worksheet
Single Life Annuity**

Step 1: Using the chart on the left, find the percentage where your expected age and number of years of service credit at retirement meet.

Your percentage from chart:
_____ %

X

Step 2: Multiply an assumed final average salary (FAS) by the total percentage determined in Step 1. FAS is the average of the five highest years of earnings.

Your FAS:
\$ _____

=

\$ _____

Step 3: Divide this figure by 12 to determine a gross monthly benefit. This represents your "Single Life Annuity" benefit.*

÷ 12 =

Your gross monthly benefit:
\$ _____

Note:

- FAS may be limited if percentage increases in the two highest years and partial year of earnings exceed the percentage increases in any of the three years immediately preceding the earlier of the two highest years of earnings. All earnings, including OPERS and SERS earnings, are subject to this limitation.
- Your actual benefit will be calculated at retirement and will be paid in accordance with Ohio law and Section 415 of the Internal Revenue Code, as amended, in effect at the time you retire. Your actual benefit may be higher or lower than estimated.
- Estimates produced from the chart on the left reflect current law. Actual benefits may vary depending upon the earnings and service credit certified by the employer and verified by STRS Ohio.
- The chart on the left reflects percentages based on full years of service credit. Because of the reduction factor, partial years of credit calculated from this chart will be accurate only if you have 34 or more years of service credit or you are age 65 or older. Partial years of credit are included in final benefit calculations.

*Single Life Annuity benefit cannot exceed 100% of FAS.
