

## Contributions to STRS Ohio Not Required for Military Service Pay

Due to recent events, many Ohio teachers are being called to active military duty. In addition to payments required under Ohio law, some STRS Ohio employers are continuing to pay these employees all or a portion of their salaries.

By law, STRS Ohio **cannot** accept retirement contributions on continuing salary payments made by employers to teachers called to active duty. If contributions on these payments have been submitted to STRS Ohio, please contact your employer advisor toll-free at 1-888-535-4050.

For your convenience, a link to Section 5923.05, R.C., which governs payments to Ohio public employees who are called to active military service, has been established on our Employer Web Site at [www.strsoh.org/employer](http://www.strsoh.org/employer).

STRS Ohio members should contact the STRS Ohio Member Services Center toll-free at 1-888-227-7877 for information about service credit during active military duty.
