Survivor benefits are among the most important benefits STRS Ohio provides to its members. Once a member meets certain eligibility requirements, valuable benefits are in place for qualified survivors. These benefits can help to reduce some of the financial uncertainty created by the loss of a loved one.

This brochure describes benefits available to survivors of STRS Ohio members who die *before* retiring and who participated in the Defined Benefit Plan. For information about benefits payable to survivors of members who die *after* retiring, please see the *Service Retirement and Plans of Payment* brochure for members enrolled in the Defined Benefit Plan.

This brochure is a summary written in plain language for use by STRS Ohio members. It is not intended as a substitute for the Ohio Revised Code or the Ohio Administrative Code or for any state or federal law or regulation, nor will its interpretation prevail should a conflict arise between it and any law or regulation. More information may be obtained by contacting STRS Ohio toll-free at 888-227-7877.

Survivor benefits offered under the Defined Benefit Plan

There are three types of monthly benefits available to your qualified survivors. The amount payable to qualified survivors (see Page 4) depends on specific eligibility requirements.

1. Dependent-based benefit

This benefit is payable when a member dies before service retirement. Existing members as of June 30, 2013, must have at least 1.50 years of qualifying service credit* before death. New members on or after July 1, 2013, must have at least 5.00 years of qualifying service credit before death. The benefit is based on the final average salary and number of qualified survivors. For additional details and requirements, see Page 5.

2. Service-based benefit

This benefit is payable when a member with 20 or more years of service credit dies before service retirement. The benefit is based on the final average salary and service credit. For additional details and requirements, see Page 9.

3. Retirement-based benefit

This benefit is payable when a member who is eligible for retirement dies before actually retiring with STRS Ohio and there are no children who are qualified survivors. The benefit is based on the service retirement benefit calculation (age, years of service credit and final average salary) in effect at the time of the member's death. For additional details and requirements, see Page 12.

If a member's death occurs after the benefit period of up to 27 months (for existing members) or 12 months (for new members, July 1, 2013, and after) and the member was not receiving a disability benefit, the retirement-based benefit plan is the only plan which allows monthly benefits to be paid to the member's surviving spouse or a designated financially dependent beneficiary.

If a sole qualified survivor is eligible for more than one type of benefit, this survivor may elect which benefit he or she wants to receive.

If there are one or more children who are qualified survivors, the primary beneficiary must select between the dependent-based and the service-based benefit. However, once the children no longer qualify for benefits (due to age or marital status, for example), the primary beneficiary may change to the retirement-based benefit, provided the deceased member was eligible for retirement at death.

In providing estimates, STRS Ohio will assume a qualified survivor wants to receive the benefit providing the highest monthly payment unless directed otherwise.

*Qualifying service credit includes earned credit with STRS Ohio, Ohio Public Employees Retirement System (OPERS) or School Employees Retirement System (SERS); restoration of withdrawn credit with STRS Ohio, OPERS or SERS; interrupted Ohio public service due to military service; and earned and restored credit that transfers from Ohio Police & Fire Pension Fund, Highway Patrol Retirement System or Cincinnati Retirement System.

Qualified survivors

It is important to understand who is eligible to receive survivor benefits. Only qualified survivors are eligible for monthly benefits assuming all other eligibility requirements for monthly benefits are met. Qualified survivors are as follows:

Spouse

For dependent-based or service-based benefits, the spouse of a deceased member is a qualified survivor if the:

- Member had 10 or more years of credit (for dependent-based benefits); *or*
- Spouse cares for the deceased member's qualified children; *or*
- Spouse is at least 62 years old; *or*
- Spouse is mentally or physically incapacitated.

For retirement-based benefits, the spouse of a deceased member is a qualified survivor if the member was eligible for service retirement before the date of death.

Children

Children (including legally adopted children) of a deceased member are qualified survivors if they are:

- Under age 22 and never married; *or*
- Any age, never married, physically or mentally incapacitated before age 22 and have remained continuously incapacitated.

Dependent parent

A parent of a deceased member is a qualified survivor if the parent is at least age 65 and received at least one-half of his or her support from the member during the 12-month period before the member's death.

Effective date of benefit

For qualified survivors, benefits are effective the first of the month after the date of death unless the application is filed more than 12 months after the date of death, then benefits are effective the first of the month after the application is received.

Dependent-based benefit

The dependent-based benefit is payable to qualified survivors when the member dies after meeting the following member requirements:

Existing member as of June 30, 2013

- Has 1.50 years of qualifying service credit* before death; and
- Earned a quarter of a year of service credit within the 30-month period preceding death; or was receiving a disability benefit at the time of death; or received a disability benefit within the last 12 months and was contributing to STRS Ohio, Ohio Public Employees Retirement System (OPERS) or School Employees Retirement System (SERS) at the time of death.
- Provided the account has not been withdrawn, eligibility for dependent-based monthly benefits for qualified survivors continues for up to 27 months following the member's last contributing service.

New member on or after July 1, 2013

- Has 5.00 years of qualifying service credit* before death; and
- Date of death is no more than one year from the last date of service; or was receiving a disability benefit at the time of death; or received a disability benefit within the last 12 months and was contributing to STRS Ohio, OPERS or SERS at the time of death.
- Provided the account has not been withdrawn, eligibility for dependent-based monthly benefits for qualified survivors continues for up to 12 months following the member's last contributing service.

Monthly survivor benefits are determined according to the number of qualified survivors. These benefits are payable as a percentage of final average salary (FAS), which is the average of the member's five

*Qualifying service credit includes earned credit with STRS Ohio, Ohio Public Employees Retirement System (OPERS) or School Employees Retirement System (SERS); restoration of withdrawn credit with STRS Ohio, OPERS or SERS; interrupted Ohio public service due to military service; and earned and restored credit that transfers from Ohio Police & Fire Pension Fund, Highway Patrol Retirement System or Cincinnati Retirement System.

highest fiscal years of earnings, regardless of when they occur.

The percentages are as follows:

Number of Qualified Survivors	Percentage of Final Average Salary
1	25%
2	40%
3	50%
4	55%
5 or more	60%

If contributions were made for less than the FAS period, total compensation is divided by the total number of years of service in the member's account to calculate the FAS.

The surviving spouse receives 25% of the FAS and the balance of the total survivor benefit is divided equally among the remaining qualified survivors. If there is no surviving spouse, the benefit is divided equally among the qualified survivors.

Termination of dependent-based benefits

Benefits to qualified children terminate upon:

- Marriage;
- Adoption; or
- Age 22.

If a member had less than 10 years service credit, the surviving spouse's benefits stop until age 62 if there are no qualified children. Once the benefits resume, they are payable for the surviving spouse's lifetime.

In the following sample estimate, the member has three qualified survivors (spouse and two children).

Dependent-based Benefit Sample Estimate #1	
Deceased member	Age 38
Service credit	10 years
Qualified survivors (spouse and two dependent children)	3
Final average salary	\$45,000
Percentage of final average salary	x 50%
Annual survivor benefit	\$22,500
Monthly benefit	\$1,875

Breakdown of Payment Distribution	
Spouse (25% of \$45,000)	\$937.50/month
Dependent child #1 (12.5% of \$45,000)	\$468.75/month
Dependent child #2 (12.5% of \$45,000)	+ \$468.75/month
Total payments	\$1,875/month

When the oldest child reaches age 22, the benefit is recalculated to provide 40% of FAS to the remaining two dependents:

Sample Estimate #2	
Final average salary	\$45,000
Percentage of final average salary	<u>x 40%</u>
Annual survivor benefit	\$18,000
Monthly benefit	\$1,500

Breakdown of Payment Distribution	
Spouse (25% of \$45,000)	\$937.50/month
Dependent child #1 (15% of \$45,000)	<u>+ \$562.50/month</u>
Total payments	\$1,500/month

When the youngest child reaches age 22, the surviving spouse continues to receive 25% of the FAS for his or her lifetime because the deceased member had at least 10 years of credit.

Sample Estimate #3	
Final average salary	\$45,000
Percentage of final average salary	<u>x 25%</u>
Annual survivor benefit	\$11,250
Monthly benefit to spouse	\$937.50

Service-based benefit

Existing member as of June 30, 2013

- Has 20 or more years of service credit before death; and
- Earned a quarter of a year of service credit within the 30-month period preceding death; or was receiving a disability benefit at the time of death; or received a disability benefit within the last 12 months and was contributing to STRS Ohio, Ohio Public Employees Retirement System (OPERS) or School Employees Retirement System (SERS) at the time of death.
- Provided the account has not been withdrawn, eligibility for service-based monthly benefits for qualified survivors continues for up to 27 months following the member's last contributing service.

New member on or after July 1, 2013

- Has 20 or more years of service credit before death; and
- Date of death is no more than one year from the last date of service; or was receiving a disability benefit at the time of death; or received a disability benefit within the last 12 months and was contributing to STRS Ohio, OPERS or SERS at the time of death.
- Provided the account has not been withdrawn, eligibility for service-based monthly benefits for qualified survivors continues for up to 12 months following the member's last contributing service.

Monthly survivor benefits are determined according to the number of years of service credit. These benefits are payable as a percentage of final average salary (FAS), which is the average of the member's five highest fiscal years of earnings, regardless of when they occur.

The percentages are as follows:

Years of Service	Percentage of Final Average Salary
20	29%
21	33%
22	37%
23	41%
24	45%
25	48%
26	51%
27	54%
28	57%
29 or more	60%

Termination of service-based benefits

Benefits to surviving children terminate upon:

- Marriage;
- Adoption; or
- Age 22.

The surviving spouse's share of the benefit is calculated as follows:

Number of Qualified Survivors	Spouse's Share
1	100%
2	62.5%
3	50%
4	45.45%
5 or more	41.67%

If there is no surviving spouse and more than one qualified survivor, the benefit is divided equally among the qualified survivors.

Service-based Benefit Sample Estimate #1	
Deceased member	Age 46
Service credit	24 years
Qualified survivors (spouse and one child)	2
Final average salary	\$45,000
Percentage of final average salary	x 45%
Annual benefit	\$20,250
Monthly benefit	\$1,687.50

Breakdown of Payment Distribution	
Spouse (62.5% of \$1,687.50)	\$1,054.69/month
Dependent child (37.5% of \$1,687.50)	+ \$632.81/month
Total payments	\$1,687.50/month

When the qualified child reaches age 22, the surviving spouse receives 45% of the deceased member's FAS.

Sample Estimate #2	
Final average salary	\$45,000
Percentage of final average salary	x 45%
Annual survivor benefit	\$20,250
Monthly benefit to spouse	\$1,687.50

Retirement-based benefit

The retirement-based benefit is payable when the member dies after qualifying for service retirement (but before actually retiring with STRS Ohio) and there are no children who are qualified survivors.

If there are one or more children who are qualified survivors, the primary beneficiary must select between the dependent-based and the service-based benefit. However, once the children no longer qualify for benefits (due to age or marital status, for example), the primary beneficiary may change to the retirement-based benefit.

Eligibility requirements for service retirement are:

Unreduced Benefit for Retirement Dates	Minimum Age and Years of Service
8/1/2017–7/1/2019	Any age and 32 yrs.; or age 65 and 5 yrs.*
8/1/2019–7/1/2021	Any age and 33 yrs.; or age 65 and 5 yrs.*
8/1/2021–7/1/2023	Any age and 34 yrs.; or age 65 and 5 yrs.*
8/1/2023–7/1/2026	Any age and 35 yrs.; or age 65 and 5 yrs.*
On or after 8/1/2026	Age 60 and 35 yrs.; or age 65 and 5 yrs.*

*Must have 5.00 years of qualifying service credit, which includes: earned credit with STRS Ohio, Ohio Public Employees Retirement System (OPERS) or School Employees Retirement System (SERS); restoration of withdrawn credit with STRS Ohio, OPERS or SERS; interrupted Ohio public service due to military service; and earned and restored credit that transfers from Ohio Police & Fire Pension Fund, Highway Patrol Retirement System or Cincinnati Retirement System.

Actuarially Reduced Benefit* for Retirement Dates	Minimum Age and Years of Service
8/1/2017–7/1/2019	Any age and 30 yrs.; or age 55 and 27 yrs.; or age 60 and 5 yrs.**
8/1/2019–7/1/2021	Any age and 30 yrs.; or age 55 and 28 yrs.; or age 60 and 5 yrs.**
8/1/2021–7/1/2023	Any age and 30 yrs.; or age 55 and 29 yrs.; or age 60 and 5 yrs.**
On or after 8/1/2023	Any age and 30 yrs.; or age 60 and 5 yrs.**

There is no time restriction to apply for this benefit; however, some benefits will be lost if the application is received more than 12 months after the date of the member’s death. If a member stops contributing and dies after meeting eligibility, a retirement-based benefit is payable to a qualified survivor.

Qualified survivors

The following individuals are eligible for a retirement-based benefit:

- A surviving spouse.
- A *designated* financially dependent beneficiary. To qualify for benefits, this individual must have received at least one-half of his or her support from the member during the 12-month period before the member’s death. Proof of dependency must be substantiated before benefits are paid.
- A *designated* qualified child who is the member’s sole beneficiary following the termination of dependent-based or service-based survivor benefits.

*An actuarially reduced benefit reflects a reduction for each year that a member retires before meeting eligibility for an unreduced benefit.

**Must have 5.00 years of qualifying service credit, which includes: earned credit with STRS Ohio, Ohio Public Employees Retirement System (OPERS) or School Employees Retirement System (SERS); restoration of withdrawn credit with STRS Ohio, OPERS or SERS; interrupted Ohio public service due to military service; and earned and restored credit that transfers from Ohio Police & Fire Pension Fund, Highway Patrol Retirement System or Cincinnati Retirement System.

The retirement-based benefit is determined using the service retirement benefit calculation. The benefit is calculated as if the member had actually retired and provided the maximum joint and survivor benefit to the qualified survivor. This is the Joint and Survivor Annuity option 1 without reversion plan of payment without any guaranteed period. Further information about benefit calculations and plan of payment options is available in the *Service Retirement and Plans of Payment* brochure.

Retirement-based Benefit Sample Estimate	
Deceased member	Age 59
Service credit	30 years
Spouse	Age 57
Final average salary	\$50,000
Percentage of final average salary	x 54.1%
Annual Single Life Annuity	\$27,050
Monthly Single Life Annuity	\$2,254
Percentage of Single Life Annuity* (Joint and Survivor Annuity option 1 without reversion)	x 90.04%
Survivor benefit payment	\$2,030

In this example, if the deceased member also had a child who is a qualified survivor, the retirement-based benefit could not be selected. The primary beneficiary would choose between the dependent-based or service-based benefits. Once the child was no longer eligible for benefits (due to age or marital status, for example), the primary beneficiary could change from either the dependent-based or service-based benefit to the retirement-based benefit.

Partial Lump-Sum Option Plan

A Partial Lump-Sum Option Plan (PLOP) is available to retirement-based survivor benefit recipients. The PLOP allows survivors to take from six to 36 times the member's monthly Single Life Annuity (SLA) benefit in a lump sum. The PLOP must be elected in \$1,000 increments, unless the minimum or maximum amount is selected. Monthly benefits still begin with the benefit effective date and are payable for life, but they are reduced to reflect the amount taken in a lump sum.

If chosen, the one-time PLOP payment will be paid 91 days after your benefit effective date or the date all necessary information is received and your benefit is finalized, whichever is later.

A PLOP payment from STRS Ohio can be processed three ways. You can have:

1. All of the PLOP payment paid by direct rollover to a traditional individual retirement account (IRA), a Roth IRA, SEP-IRA, SIMPLE IRA, an eligible employer plan (qualified under section 401(a), 401(k), 403(b) or 457(b) governmental plan) or another qualified plan to defer the immediate tax withholding and possible penalty.
2. All of the payment paid to you through direct deposit to a named financial institution.
3. Some portion paid as a rollover with the remaining amount paid to you.

The PLOP payment will be electronically deposited to the same financial institution you listed to receive your monthly benefits, unless you elect to roll over the PLOP payment to a qualified plan.

*The retirement-based benefit is based on actuarial calculations; individual benefit calculations will vary.

Cost of PLOP

The table below shows the amount a monthly benefit is reduced for each \$1,000 of lump-sum payment. For example, a 57-year-old survivor starting benefits July 1, 2018, who receives a \$25,000 lump-sum payment, would have his or her benefit reduced \$168.00 a month for life ($\$6.72 \times 25 = \168.00).

Defined Benefit Plan PLOP Cost Factor Table			
Age	Reduction per \$1,000	Age	Reduction per \$1,000
53	\$6.46	60	\$6.97
54	6.52	61	7.06
55	6.58	62	7.17
56	6.65	63	7.28
57	6.72	64	7.41
58	6.79	65	7.54
59	6.88		

Taxes on PLOP payments

Before selecting a PLOP payment, it is important to understand the tax implications of receiving a lump sum as well as the restrictions on rollovers. Under federal tax laws, lump-sum payments paid directly to you that are eligible for rollover are subject to a mandatory 20% federal tax withholding. PLOP payments are exempt from all state and local taxes in Ohio, including school district income tax.

If you elect a PLOP payment, a 1099-R form will be mailed to you in January of the year following your PLOP payment unless you have indicated a preference to view this form in your Online Personal Account instead.

Sixty-day rollover option

If you initially choose to have a PLOP payment paid directly to you and later decide to roll it over to a qualified plan, you can do so up to 60 days after you receive the PLOP payment. You can roll over all or part of the PLOP payment to an eligible employer plan that accepts rollovers. The rollover will need

to be done by you, not STRS Ohio. The portion of your payment that is rolled over will not be taxed until you take it out of the qualified plan.

You may roll over up to 100% of the eligible roll-over distribution (subject to IRS required minimum distribution regulations), including an amount equal to the 20% of the taxable portion that was withheld for federal tax. If you choose to roll over 100%, you must find other funds within the 60-day period to contribute to the qualified plan to replace the 20% that was withheld. Conversely, if you roll over only the 80% of the payment that you received, you will be taxed on the 20% that was withheld for federal tax.

Items to consider

Before considering a lump-sum payment, it is important to estimate how much it will reduce the monthly survivor benefit.

The monthly benefit reduction due to the PLOP is permanent. Future benefit changes, if applicable, will be calculated on the reduced benefit. Survivor benefit recipients should carefully consider the reduced benefit they will receive after taking the lump-sum payment to be sure they can still meet future financial obligations. Remember, the monthly benefit will be further reduced by federal taxes and, if applicable, health care, dental and vision premiums.

Before electing a PLOP, an individual counseling session with an STRS Ohio benefits counselor is strongly recommended.

Taxes on survivor benefits

Monthly survivor benefits are taxable beginning with the first survivor benefit payment. A small percentage of the payment may be tax-free. Contributions that the deceased member made on an after-tax basis to STRS Ohio are prorated over the survivor's lifetime.

There are special tax implications when STRS Ohio accounts are withdrawn in a lump sum. Please review the *Account Withdrawal* brochure.

We will withhold federal taxes from benefits unless otherwise directed. If federal taxes are not withheld, the survivor may be responsible for filing estimated federal tax forms quarterly.

STRS Ohio monthly survivor benefits are exempt from all state and local taxes in Ohio, including school district income tax.

For more information about taxation of STRS Ohio survivor benefits, contact the Internal Revenue Service, the Ohio Department of Taxation or a qualified tax consultant.

Important considerations

Combining STRS Ohio service with OPERS or SERS

Service credit in the Ohio Public Employees Retirement System (OPERS) or the School Employees Retirement System (SERS) will be combined with STRS Ohio service credit to determine total years of credit if monthly benefits are elected.

A member cannot earn more than one year of service credit per fiscal year in one, two or all three public systems combined.

Cost-of-living adjustment (COLA)

Ohio law gives the State Teachers Retirement Board the authority to grant a COLA to benefit recipients. New benefit recipients are eligible to receive a COLA beginning on the fifth anniversary of their retirement date. All cost-of-living increases granted on or after July 1, 2017, are currently set at 0%. No later than the next actuarial experience review, anticipated to be completed in 2022, the Retirement Board will evaluate whether an upward adjustment to the cost-of-living increase is payable without materially impairing the fiscal integrity of the retirement system.

Access to health care coverage

Most survivor benefit recipients and their eligible dependents have access to the STRS Ohio Health Care Program.* Survivors receiving retirement-based benefits are eligible for access to health care coverage (medical, vision and dental) provided the member had at least 15 years of service credit, or 20 years of service credit beginning Aug. 1, 2023.

Dental and vision coverage

STRS Ohio offers dental and vision coverage to eligible survivor benefit recipients and their eligible dependents. Survivors receiving retirement-based benefits are eligible if the member had 15 or more years of service, or 20 years of service credit beginning Aug. 1, 2023. Enrollment in an STRS Ohio health care plan is not a requirement to enroll in the dental or vision plans. Separate monthly premiums apply to the dental and vision plans. For more information, contact STRS Ohio toll-free at 888-227-7877.

*The STRS Ohio Health Care Program is not guaranteed. STRS Ohio may change or discontinue all or a part of the program for all or a class of eligible benefit recipients and covered dependents at any time.

Account withdrawal in lieu of benefits

Eligibility requirements

The primary beneficiary may withdraw the deceased member's account in lieu of receiving monthly benefits if there are no children who are qualified survivors. If there are no qualified survivors and other eligibility requirements are not met, the primary beneficiary must withdraw the deceased member's account. (See Page 4 for further information regarding "Qualified survivors" and Pages 5, 9 and 12–13 for other eligibility requirements.)

If there is no spouse and only one qualified survivor age 18 or older, the survivor may forfeit rights to benefits and withdraw the account, which includes interest and 50% matching funds, if certain criteria are met (as described under "Withdrawal amount" on Page 21). If the survivor instead takes even one monthly benefit payment and becomes eligible for the balance of the account (for example, reaches age 22), the survivor receives only the member's contributions less any survivor benefits previously paid. No interest or 50% matching funds would be payable.

Monthly payments vs. account withdrawal

Plan Feature	Monthly Payments	Account Withdrawal
Survivor benefits	Yes	No
Access to health care coverage	Yes	No
Cost-of-living adjustments*	Yes	No
Direct control over funds	No	Yes
Possible rollover to a qualified plan	No	Yes
Possible tax penalties	No	No
Possible investment costs	No	Yes
Individual investment risk	No	Yes

*New benefit recipients are eligible to receive a cost-of-living adjustment beginning on the fifth anniversary of their retirement date. All cost-of-living increases granted on or after July 1, 2017, are currently set at 0%.

Withdrawal amount

The withdrawal amount payable to a survivor consists of the deceased member's contributions plus interest and, with 5.00 or more years of qualifying service credit,* 50% matching funds.

- **With 5.00 or more years of qualifying service credit,*** interest at a rate no greater than 6% compounded annually is payable on the teaching contributions and an additional amount equal to 50% of the sum of the teaching contributions, plus interest, will also be paid.
- **With at least 3.00 years but less than 5.00 years of qualifying service credit,*** interest at a rate no greater than 6% compounded annually will be paid on the teaching contributions.
- **With less than 3.00 years of qualifying service credit,*** interest at a rate no greater than 4% compounded annually will be paid on the teaching contributions.

Interest rates are subject to change. For current interest rates, contact us toll-free at 888-227-7877.

Interest for all years withdrawn begins to accrue in the fiscal year following deposit. For example, interest on 2018–2019 contributions would begin July 2019 and be payable August 2019 or later. No interest is payable if a member withdraws his or her account in July and contributed to STRS Ohio for only the year just ended. Interest stops accruing the month before account withdrawal.

The decision to withdraw the deceased member's account must be made *before* receiving monthly survivor benefits. If a survivor who is receiving monthly benefits becomes ineligible for survivor benefits (because of age or death, for example), the withdrawal amount, if any, will be limited to the deceased member's contributions less any survivor benefits previously paid. No interest or 50% matching funds would be payable.

*When referring to withdrawals, "qualifying service credit" refers to Ohio teaching service, restored withdrawn credit, purchased service for Ohio public teaching from which no STRS Ohio contributions were withheld, and credit obtained for leaves of absence under Section 3307.77 of the Revised Code.

If the member had ever received disability retirement benefits, the withdrawal amount does not include interest or 50% matching funds. The account balance is reduced by the benefits received for members who received disability retirement benefits.

Items to consider

The following questions should be answered before deciding whether to withdraw the account or to receive monthly survivor benefits:

- Is the monthly benefit guaranteed for life or will it terminate at a specified date?
- Is access to health care coverage from STRS Ohio available and, if so, will eligible survivors need it?

Important tax considerations

If the withdrawal is paid directly to the survivor:

- The payment will be taxed in the year in which it is issued.
- STRS Ohio will withhold federal tax at a rate of 20%.

The withdrawal amount may be rolled over to an eligible retirement account that will accept rollovers and:

- The payment will not be taxed in the current year and no taxes will be withheld.
- The rolled over funds will be taxed when removed from the account to which they were deposited.

If the deceased member was age 70-1/2 or older, a certain portion of your payment cannot be rolled over because it is a required minimum payment that must be paid to the survivor. STRS Ohio will advise if this is the case.

There are other tax implications if you withdraw the deceased member's account. Consult a professional tax advisor for more information. STRS Ohio cannot provide tax advice.

Requesting an estimate

To calculate an estimate, go to the STRS Ohio website at www.strsoh.org. You can access the survivor benefits calculator on the home page.

You may also receive an estimate of survivor benefits by contacting us toll-free at 888-227-7877 with the following information:

- Your name;
- Social Security number or STRS Ohio account number;
- Current address;
- Names and dates of birth of your beneficiaries;
- The member's date of death; and
- The Partial Lump-Sum Option Plan (PLOP) payment amount you are considering (if applicable).

In providing estimates, STRS Ohio will assume the survivor wants to receive the benefit providing the highest monthly payment unless directed otherwise.

Beneficiaries

Statutory succession of beneficiaries

The statutory succession of beneficiaries applies if the member:

- Has not previously filed a valid beneficiary designation form with STRS Ohio, Ohio Public Employees Retirement System (OPERS) or School Employees Retirement System (SERS).
- Has not filed a valid beneficiary designation form after any one of the following:
 - Marriage;
 - Birth or adoption of a child;
 - Divorce, marriage dissolution or legal separation;
 - Withdrawal of account; or
 - Permanent STRS Ohio retirement plan selection if a plan change was made.
- Is not survived by a designated beneficiary.
- Designates statutory succession.

Under statutory succession, beneficiaries qualify in the following order:

1. Spouse
2. Qualified children*
3. Nonqualified children (share and share alike)
4. Dependent parent*
5. Parents (share and share alike)
6. Estate

*Defined on Page 4.

Designating beneficiaries by name

If the statutory succession of beneficiaries does not meet your needs, you may designate beneficiaries by name. You may designate or change beneficiaries through your Online Personal Account at www.strsoh.org or by calling STRS Ohio toll-free at 888-227-7877 and requesting a beneficiary designation form.

You may designate whom you wish to receive either monthly survivor benefits or a lump-sum payment of the account when you die. Designating a beneficiary by name may jeopardize monthly survivor benefits for otherwise dependent survivors, so you should be cautious about designating a beneficiary who is not a spouse or dependent child or parent.

Regardless of whether a beneficiary is determined by statutory succession or designated by name, all qualified survivors receive monthly dependent-based or service-based benefits if the member had any qualified children.

A beneficiary designated by name who does not meet eligibility for monthly survivor benefits is only eligible to receive a one-time lump-sum refund of the accumulated balance at the time of the member's death. The accumulated account balance includes total contributions and interest and, if the member has at least 5.00 years of service credit, 50% matching funds. If multiple primary beneficiaries are designated by name they will receive only a lump-sum refund of the account, which would be shared equally unless the member filed a designation form with the retirement system listing specified percentages for each beneficiary.

If you are also a member of either OPERS or SERS, STRS Ohio will pay according to the last beneficiary designation filed with any of the three retirement systems (STRS Ohio, OPERS or SERS). Check with SERS and OPERS to determine what designation they will recognize.

By phone: **888-227-7877 (toll-free)**

Our dedicated team of member service representatives is available to answer your questions when you need them.

- Call Monday–Friday, 8 a.m.–5 p.m.

When you need more detailed information, our benefits counselors can provide you with one-on-one consultation in our Columbus office, through a teleconference or during field counseling sessions held throughout the state each year.

On the Internet: **www.strsoh.org**
