Health Care Assistance Program
NON-MEDICARE 2022 Plan Overview Chart

All STRS Ohio medical plans include hospital, medical and prescription drug coverage. This chart provides an overview of the main coverage features of the plans offered under the STRS Ohio Health Care Assistance Program. Questions about specific coverage features not listed and health care provider information should be directed to the plan administrators. This chart is for individuals without Medicare. Coverage features for individuals eligible for Medicare are listed on the reverse side. ***This plan overview chart is not a legal document. A comprehensive description of your coverage is available from your plan after enrollment is confirmed.***

	Medical Mutual Health Care Assistance Plan (Indemnity or PPO)	
	In-Network and Indemnity[1]	**Out-of-Network[1]**

Enrollee's Maximum Annual Expense	If an enrollee pays a total of **$500** out of pocket in copayments for generic and covered brand-name medications, that enrollee pays nothing for covered medications for the remainder of the year.	

[1] For services deemed medically necessary by the plan administrator, indemnity and out-of-network payments are based on allowed amounts determined by the prevailing geographical area fee schedule. If nonparticipating providers charge in excess of these amounts, the enrollee may be responsible for the excess charges.

[2] Annual deductible must be met before plan begins making payments, unless otherwise indicated. In-network and out-of-network accumulations are separate.

(Medicare enrollees: see reverse side)
