

## 2022 Medical Plan Overview

This overview provides the main coverage features of the STRS Ohio medical plans. All plans include hospital, medical and prescription drug coverage. Questions about specific coverage features not listed and health care provider information should be directed to the plan administrators. *This is not a legal document. A comprehensive description of your coverage is available from your plan after enrollment is confirmed.*

### Prescription Drug Coverage for Medicare and Non-Medicare Enrollees

Express Scripts administers prescription drug coverage for all STRS Ohio medical plans. Enrollees with Medicare are covered by the Express Scripts Medicare Part D prescription drug plan. The amounts listed below are the same for Medicare and non-Medicare enrollees unless otherwise noted.

#### Maximum Annual Expense

The maximum annual expense is \$5,100 per enrollee. This is the maximum annual amount an enrollee will pay in copayments/coinsurance/deductible for generic, covered brand-name and specialty medications. Once the maximum annual expense limit is met, that enrollee pays nothing for covered drugs for the remainder of the year. **Note:** Non-preferred pharmacy fees do not apply to the maximum annual expense.

#### Annual Deductible

There is a \$275 annual deductible per enrollee for covered brand-name drugs, including brand-name specialty drugs. An enrollee pays the full cost of these drugs until the deductible is met. Once the deductible is met, that enrollee pays the applicable copayment/coinsurance for the remainder of the year. **The deductible resets every Jan. 1.** Accumulated amounts do not carry over to the next calendar year. **Note:** Generic drug costs and non-preferred pharmacy fees are not subject to nor applied to the deductible.

#### Maximum Day Supply

- **Medicare enrollees** — Up to 90 days at retail; 90 days at home delivery. **Note:** Prior to acceptance in the Express Scripts Medicare Part D plan, the maximum retail supply is 31 days. The retail copayments listed below are per 31-day supply. (For a 90-day retail supply, the copayments will be three times the amount listed.)
- **Non-Medicare enrollees** — 31 days at retail; 90 days at home delivery

### 2022 Prescription Drug Copayments/Coinsurance

*If the cost of the drug is less than the copayment, you pay the cost of the drug.*

If you are treated or monitored for an existing medical condition during the visit when you receive the preventive service, any applicable copayment/coinsurance/deductible will apply for care received for the existing medical condition.							

<sup>1</sup> If providers do not accept Medicare assignment or charge in excess of Medicare payments, the enrollee is responsible for the excess charges.

<sup>2</sup> For services deemed medically necessary by the plan administrator, indemnity and out-of-network payments are based on allowed amounts determined by the prevailing geographical area fee schedule. If nonparticipating providers charge in excess of these amounts, the enrollee may be responsible for the excess charges.

<sup>3</sup> Benefits are payable after Medicare payments.

<sup>4</sup> Annual deductible must be met before plan begins making payments, unless otherwise indicated. In-network and out-of-network accumulations are separate, except for the Aetna Medicare Plan and AultCare plans.

<sup>5</sup> Enrollees with Medicare Part B-only must use in-network providers for hospital services to receive maximum claims payment.
